

BUSINESS CONTINUITY POLICY STATEMENT

The Energy & Petroleum Regulatory Authority (the Authority) is committed to ensuring business continuity in the provision of regulatory services in the energy and petroleum sectors. The Authority shall achieve this through compliance with applicable; legal, regulatory and ISO 22301: 2019 Business Continuity Management Systems requirements.

The Authority shall ensure the delivery of its products and services to stakeholders shall remain unaffected during disruptions. In this regard, this policy shall focus on managing incidents prior to, during, and after the occurrence of a disruption by:

1. Understanding our stakeholders' needs and expectations
2. Ensuring that business continuity objectives are established and reviewed
3. Communicating the Policy and availing it to interested parties, as appropriate
4. Continuously improving business continuity management system efforts

This Policy shall be reviewed periodically to ensure that it reflects the priorities of the Authority's mandate, stakeholders and changes to its environment.
