

PUBLIC NOTICE

NOTICE TO LICENSED ELECTRICAL CONTRACTORS AND RELEVANT ELECTRIC POWER UTILITIES ON THE ROLL-OUT OF ONLINE SYSTEM FOR ISSUANCE OF ELECTRICAL INSTALLATION CERTIFICATES

The Energy and Petroleum Regulatory Authority (the Authority) has developed an online system for managing the electrical installation certificates, commonly referred to as Commencement of Work Notice and Completion Certificate. This system will replace the hardcopy books which have been under the jurisdiction of the Kenya Power and Lighting Company (KPLC).

The Authority thus notifies all licensed electrical contractors and relevant electric power utilities that operations of the online system will start on Tuesday, 1st October 2019 at 8:00 a.m. The User Manual for the system is available for access or download on the Authority's website <https://www.epra.go.ke> under the Online Services tab.

For any enquiries, complaints and/or compliments related to or on matters consequential to the roll out of the system, you can contact the undersigned on:

Email info@epra.go.ke, Tel 020 284 7000 or 0709 336 000.
