

PUBLIC NOTICE

The Energy and Petroleum Regulatory Authority (EPRA) is established under the Energy Act No. 1 of 2019 with the mandate of technical and economic regulation of the energy and petroleum subsectors. In June 2019, the Petroleum (Liquefied Petroleum Gas) Regulations, 2019 (LN 100/2019) were signed into law. The new LPG Regulations provide for the use of standard **LPG cylinder capacities of 0.5, 1, 3, 6 and 13 kilograms** fitted with unified valves in the retail LPG market. Further, the mandatory LPG cylinder exchange system has been abolished and replaced by a mutual exchange system where parties willing to enter into an exchange arrangement are required to obtain approval from the Competition Authority of Kenya and EPRA.

LN 100/2019 provided for a six (6) months transition period that ends on 31st December 2019. Accordingly, persons wishing to return particular brands of LPG cylinders to the Brand Owners are encouraged to do so on or before 31st December 2019 and in accordance with Regulation 26 of LN100/2019 such persons are entitled to a refund of the deposit paid. The list of cylinder return points is listed hereunder pursuant to Clause 11 of Schedule 7 of LN 100/2019.

| | LPG Brand | Brand Owner | EPRA's Licence Number | Cylinder Exchange/ Return Point |
