Purpose of Regulations	3.	The purpose of these regulations is to prescribe reporting procedures and requirements for licensees and holders of certificate of exemption, for purposes of achieving uniformity and consistent reporting of elements that are required for tariff setting, approval and monitoring.
Application	4.	These Regulations shall apply to any person who- a) has a licence issued under Sections 117 and 119 of the Act for the generation, importation or exportation, transmission or distribution of electrical energy or for the retail supply of electrical energy to consumers; or b) has a certificate of exemption issued under the Act.
PART II: REGULATORY REPORTING REQUIREMENTS		
Requirement to keep records for separate businesses	5.	1) A licensee or a holder of a certificate of exemption shall – a) keep or cause to be kept, for a period of a minimum of seven years, such accounting and other records as are necessary to ensure that all of the revenues, costs, assets, liabilities, reserves, and provisions of, or reasonably attributable in accordance with these Regulations, to the licensed or exempted activity; b) keep the regulatory accounts in the manner set out in the First Schedule to these Regulations; c) map its existing chart of accounts to the uniform chart of accounts set out in the Second Schedule to these Regulations; and d) keep the regulatory accounts in Kenya Shillings unless exempted by the Authority. 2) In keeping the accounts and records referred to in sub regulation (a) the licensee shall ensure that each of the

		<p>following business activities of the licensee are separately identifiable:</p> <ul style="list-style-type: none"> a) system operation; b) electricity generation/importation/exportation; c) electricity transmission; d) electricity distribution; e) electricity supply activities; f) electricity retail activities; and g) any other corporate activities <p>3) Subject to the exemptions in Regulation 6, in addition to statutory accounts required under any other written law:</p> <ul style="list-style-type: none"> a) A licensee shall in the case of a generating licensee, prepare generation summary statements from the accounting and other records referred to in Regulation 5 (1) in the form and with content specified in the Third Schedule in respect of each installation within the generating plant for which a license would be required under Section 117 and 119 of the Act. b) In respect of all other licensees, prepare regulatory accounts from the accounting and other records referred to in Regulation 5 (1) in the form and with the content specified in Regulation 10. <p>4) The accounting records maintained under these Regulations shall ensure:</p> <ul style="list-style-type: none"> a) licensees segregate accounting records between licensed activities or services in a vertically integrated business; b) holders of certificate of exemption to segregate accounting records between exempted activities or services in a vertically integrated business; c) licensees and holders of certificate of exemption to segregate regulated business from non-regulated business; and d) they apply the prescribed principles and methodologies for cost allocation under these Regulations.
Exemptions	6.	(1) A licensee may apply to the Authority for an exemption from the application of these Regulations.

		<p>(2) The Authority shall consider the application made under sub regulation (1) and the reasons advanced thereof by the licensee and may grant an exemption where:</p> <p>a) it is satisfied with the form and manner in which the records and accounts of the licensee are kept and audited; or</p> <p>b) such exemption is provided for in the licence.</p> <p>(3) A licensee exempted under this regulation shall maintain its books of accounts in accordance with IFRS.</p>
Regulatory reporting periods	7.	<p>1) Regulatory reporting periods shall start at the end of any previous regulatory reporting period and end at the start of any subsequent regulatory reporting period.</p> <p>2) Unless otherwise specified in writing by the Authority:</p> <p>a) All licensees' regulatory reporting periods shall coincide with the licensees' financial years.</p> <p>b) A regulatory reporting period for every licensee shall commence in the financial year immediately succeeding the effective date of these regulations.</p>
Form and content of regulatory accounts	8.	<p>1) The form and content of regulatory accounts shall be as follows:</p> <p>a) Except where otherwise required or permitted by these Regulations, regulatory accounts shall comply with standards appropriate for the preparation of annual financial statements.</p> <p>b) Regulatory accounts shall be prepared to present fairly, in all material respects and in accordance with these Regulations:</p> <p>i.) A statement of income and the regulatory financial performance for the regulatory reporting period of each of the licensee's separate businesses and, in aggregate, of the licensee as per the Fourth Schedule;</p> <p>ii.) The financial position at the end of the regulatory reporting period of the licensee;</p> <p>iii.) The fixed assets at the end of the regulatory reporting period of each of the licensee separate businesses as per the Third Schedule;</p> <p>iv.) 	<p>variances in fuel cost tariffs and other variances, in the form of Sixth Schedule;</p> <p>(d) Other statements providing statistics relating to service performance, asset performance, asset condition, other asset characteristics, operational matters, as the Authority may from time to time specify.</p> <p>2) The Authority may permit adaptations of the format and presentation of regulatory accounts to reflect IFRS and other conventions familiar to users or potential users of regulatory accounts.</p> <p>3) In presenting the regulatory financial accounts, the licensee shall provide comparative information which shall include:</p> <ul style="list-style-type: none"> a) information relating to the prior regulatory reporting period; and b) information relating to forecasts and assumptions in respect of the regulatory reporting period made and disclosed by the Authority at the time of determining any relevant tariff control. <p>4) The licensee shall give prominence to comparative information under sub regulation (3) (b) in relation to the regulatory financial performance of each of the licensee's separate businesses and, in aggregate, of the licensee.</p> <p>5) Unless otherwise provided for in these regulations, regulatory accounts shall be prepared on a basis that is consistent with the licensee's statutory accounts. A reconciliation of consolidated income and equity with amounts disclosed in the licensee's statutory accounts shall be presented in respect of any material differences.</p> <p>6) Where there are any material differences between the basis of preparation, the presentation of information or allocation of costs in the regulatory accounts and any information used by the Authority when determining the relevant tariff basis, regulatory accounts shall disclose sufficient information to permit users of regulatory accounts to understand the impact of these differences on the regulatory financial performance of the licensee and its separate businesses and on the financial position of the licensee.</p>
PART III: COST ALLOCATIONS	

Segmental statement of fixed assets	9.	<p>(1) For the purpose of preparing a segmental statement of fixed assets, the value of the licensee’s fixed assets in the company’s statutory accounts shall be allocated to the separate activities referred to in Regulation 5 (2) in relation to the dominant purpose or function of the fixed asset.</p> <p>(2) The purpose or function of a fixed asset should be assessed in relation to its role, if any, in the licensee’s electrical systems, the purpose for which the asset was acquired and its expected use over its economic life.</p> <p>(3) Where the dominant purpose or function of a fixed asset is to support a single business activity referred to in Regulation 5 (2), or derives from such a business activity, that asset shall be allocated to that activity.</p> <p>(4) Where a fixed asset relates to the conveyance of electrical energy from one business activity to another, such as a transformer, it shall be treated as supporting the upstream activity.</p> <p>(5) Where a fixed asset does not have a dominant purpose or function that relates to a single business activity:</p> <ol style="list-style-type: none"> a. If the asset forms part of the licensee’s electrical systems, it shall be allocated to the upstream activity that it relates to; b. Otherwise, it shall be allocated to corporate activities. <p>(6) For the purpose of this regulation, fixed assets include all non-current assets that would, were they to be acquired during the currency of these regulations, be eligible for inclusion as additions to the Regulatory Asset Base in accordance with the Energy (Electricity Tariffs) Regulations, 2022.</p>
Other asset and liability allocations	10.	<p>For the purpose of preparing a statement of financial position, unless the licensee considers that the financial position of its separate businesses can be considered as distinct from its financial position and it would be misleading to a reader of the regulatory accounts not to do so, liabilities and non-fixed assets need not be allocated to the licensee’s separate businesses.</p>
Cost allocations	11.	<p>1) Operating costs, including depreciation, shall be allocated to the separate businesses referred to in Regulation 5 (2) in relation to the way resources are consumed and with reference to the causation of cost at the level of business activities (activity-based).</p>

		<p>2) Costs which are incurred in respect of more than one activity, or which are not readily attributable to a single activity, shall be allocated objectively using a reasonable methodology, having regard to the materiality of the allocations, on:</p> <ul style="list-style-type: none"> a) a cost-allocation methodology that materially meets best practice standards of activity-based allocation, or b) where an activity basis cannot be computed at a reasonable cost, an alternative basis that provides a reasonable proxy for an activity-based allocation of costs in the light of best available information about the causation of cost. <p>3) The Authority may require licensees to develop activity-based cost allocation systems.</p> <p>4) Except where costs do not relate to services supported by regulated tariffs, such as costs of corporate activities set out under Regulation 5 (2)(g), all other costs shall be fully allocated to the other activities of the holder where they fall under Regulations 5 (2) (a) to (f), as appropriate.</p> <p>5) The allocation of depreciation of fixed assets will reflect the usage of assets and will not necessarily reflect the balance sheet allocation of fixed assets under Regulation 10, as inter-activity recharges of depreciation.</p>
<p>Revenue allocations</p>	<p>12.</p>	<p>1) Revenues shall be allocated as follows:</p> <ul style="list-style-type: none"> a) In respect to tariff-controlled licensees, revenues from the following tariffs shall be allocated in accordance with the business activities set out in Regulation 5(2) as follows: <ul style="list-style-type: none"> i.) System operation tariffs shall be allocated to activities under Regulation 5 (2) (a). ii.) Fuel cost tariffs shall be allocated to activities under Regulation 5 (2) (b). iii.) Non-fuel power procurement tariffs shall be allocated to activities under Regulation []. iv.) Electricity transmission tariffs shall be allocated to activities under Regulation 5 (2) (c). v.) Electricity distribution tariffs shall be allocated to activities under Regulation 5 (2) (d). vi.) Retail supply activity tariffs shall be allocated to activities under Regulation 5 (2) (e) and (f).

		<p>b) Other revenues shall be allocated in relation to the nature of the services provided and the allocation of the costs that are associated with providing those services.</p>
Asset base valuation adjustments	13.	<p>In order to ensure the regulatory accounts, present fairly the regulatory financial position of the licensee and of its separate business activities:</p> <p>a) The regulatory accounts balance sheet shall include adjustments to reflect any material difference between the book values of the licensee's net assets, excluding financing liabilities, and the Authority's assessment of the Regulatory Asset Base under the Energy (Electricity Tariffs) Regulations, 2022.</p> <p>b) The regulatory accounts balance sheet shall incorporate any balance on any regulatory fuel cost recovery provision maintained in accordance with the Energy (Electricity Tariffs) Regulations, 2022, treating any accumulated surplus as a liability and any accumulated deficits (negative balance) as an asset.</p>
Transactions with related licensee's	14.	<p>The regulatory accounts shall include an explanatory note disclosing the following:</p> <p>a.) The nature and scale of transactions with related or affiliated licensee's, analyzed by party and in enough detail for a user of regulatory accounts to understand components of the regulatory financial performance and statement of financial position that would be mainly affected.</p> <p>b.) Confirmation, where appropriate and material to the regulatory accounts, that transactions with related or affiliated licensees are negotiated on an arm's length basis and on normal commercial terms.</p> <p>c.) Whether transactions with related or affiliated licensees were subject to competitive tendering.</p> <p>d.) Estimates of the effects on the comprehensive income, balance sheet and cash flows of any material transactions or groups of transactions that are not negotiated on an arm's length basis and on normal commercial terms.</p>
Directors' report, regulatory	15.	<p>(1) The licensee shall prepare a directors' report, a regulatory corporate governance statement and a regulatory business review.</p>

<p>corporate governance statement, regulatory business review</p>		<p>(2) Subject to the following, the licensee may include summarized extracts of the corresponding statements in the licensee’s statutory accounts.</p> <p>(3) The regulatory business review shall include commentary on the licensee’s financial performance in relation to the Authority’s forecasts and other assumptions made and disclosed at the time it determined the relevant tariff control, any major events and changes to the business environment not anticipated in those assumptions and the impact on the position of investors and users.</p> <p>(4) The regulatory corporate governance statement shall provide a description of the licensee’s approach to generating value for investors and users under the incentive arrangements established by the Authority.</p>
<p>Audit</p>	<p>16.</p>	<p>1) The Authority shall pre-qualify auditors for the purposes of auditing the regulatory accounts once every year.</p> <p>2) A licensee or holder of certificate of exemption shall procure an audit from the prequalified list under sub-regulation (1) to undertake an audit of its regulatory accounts and generation summary statements.</p> <p>3) The auditor shall submit to the Authority the audited regulatory accounts and generation summary statements within three months after the end of the financial year.</p> <p>4) The licensee or holder of certificate of exemption shall not procure services from the same auditor for a period of more than three consecutive years.</p>
<p>PART V: COMPLIANCE AND ENFORCEMENT</p>		
<p>Incentives</p>	<p>17.</p>	<p>The Authority shall review licensee compliance with these Regulations within three years of the Regulations coming into force, and subject to findings of the review, the Authority shall establish incentive mechanisms to facilitate compliance as appropriate.</p>
<p>Disputes and Appeals</p>	<p>18.</p>	<p>1) Any complaints and/or disputes under these regulations shall be referred to the Authority for resolution in accordance with the Energy (Complaints and Disputes Resolution) Regulations 2022 or any replacement of the same.</p>

		2) Any person who is dissatisfied/aggrieved by a decision of the Authority shall lodge an appeal with the Energy and Petroleum Tribunal.
Penalties	19.	<p>1) A licensee or holder of a certificate of exemption who does not maintain and submit information in accordance with these Regulations commits an offence and is liable on conviction to a fine of not less than one hundred thousand shillings.</p> <p>2) In the case of a continuing offence, Director's of a licensee or holder of a certificate of exemption shall be liable upon conviction to a penalty of six months imprisonment.</p> <p>3) The fines or penalties in these Regulations are without prejudice to the Authority's right to suspend or revoke the licensee's licence or certificate in accordance with the Act.</p> <p>4) Any fines or penalties which are not paid shall be a civil debt recoverable summarily.</p>
PART VI: TRANSITIONAL PROVISIONS AND COMMENCEMENT		
Transitions	20.
