

EPRA Research and Innovation Conference 2024

Theme: "The Energy Transition"

17th - 18th April 2024

Nairobi, Kenya

The Energy and Petroleum Regulatory Authority (EPRA) is a State Corporation established under Section 9 (1) of the Energy Act 2019 to undertake Technical and Economic Regulation for electricity, renewable energy, downstream coal, coal bed methane gas and petroleum sectors.

The EPRA Research and Innovation Conference provides a platform to discuss the latest energy research and innovations that promote sustainable energy access, decarbonization and energy market developments. This year, the conference will bring together policymakers, researchers, scholars and experts to share advances and ideas in the energy sector. The conference will also provide a good opportunity for collaboration among industry experts in the specific energy market sectors.

The Editorial Board of the EPRA Research and Innovation Conference welcomes high-quality and original research and innovation works in the following categories:

- Electricity generation, transmission, distribution and consumption
- Power markets
- Renewable Energy
- Energy Efficiency
- Petroleum and Gas
- Tariff and price setting
- Energy transition
- Electric mobility
- Energy policy-related issues

The submitted work should not have been previously published in any journal. Authors should note that the presentation of their articles during the research conference would not jeopardize their future publication in journals.
